ENERGY SAVING/ENVIRONMENTAL FEATURES

- Imagine Homes is *nationally recognized* for high-performance energy-efficient and environmentally-friendly building practices
- Certified EPA ENERGY STAR Version 3.1 rated Homes
- Each Imagine Home is *individually performance tested* for energy efficiency by a third party
- **Dow** Outperformance System products for advanced air, moisture, and thermal protection
- **Dow** R-3, 1/2" foam sheathing at all exterior walls minimizes unwanted air movement through the wall cavity and contributes to higher energy efficiency
- Continuous hot water with Rheem energy-efficient, tankless, gas water heater 7.5GPM up to 3 1/2 baths, 4 or more full baths 9.4GPM
- Vinyl frame windows with double-pane Low E-366 glass to *reduce solar heat gain* (keeps your home cool in the summer and warm in the winter and also protects against fabric fading) w/tilt-in sashes for easy cleaning
- Exterior door weather stripping to reduce air infiltration
- Pre-plumb for water softener
- **PEX** Plumbing System
- **Spray foam insulation with sealed, semi-conditioned attic system**
- Energy-efficient **Trane** 16 SEER A/C featuring R-410A, a non-freon coolant (doesn't harm the ozone layer), ARI matched air conditioning system with 92+ AFUE sealed combustion gas furnace.
- Mechanical fresh air intake to control the flow of outside air & to filtrate allergens & remove moisture for better air quality
- Performance tested blower door test w/less than 3ACH50. A low rating means less air leakage.
- R-6 ducts work with return air or jumper ducts in all bedrooms. System duct blaster tested to maximum 3.5% leakage.
- MERV 10 whole house filters
- Smart thermostat designed for energy savings and maximum comfort - linked to Smart Home System
- EPA WaterSense dual flush toilets
- Exhaust fans vented to the outside in kitchen, baths and utility rooms
- Energy saving LED light bulbs with all light fixtures (excludes interior garage light and candelabras)
- Water saving Zoysia landscaping w/rain sensor irrigation
